Sir,

Sub: VISL Phase 1-Half Yearly Compliance Report (IHYCR) of Environmental and CRZ Clearance (EC) for Vizhinjam International Multipurpose Deep water Seaport for the period of October 2025 to March 2026-Reg.

- Ref: 1. File No. 11-122/2011-IA.III dated 3rd Jan 2014
2. Letter No. 1285/A3/13/KCZMA/S&TD dated 24 th Aug 2013
3. File No: EP/12.1/7/2013-14/Ker 829 dated 20 th Aug 2019
4. F.No.11-122/2011-IA.III Proposal No. IA/KL/MIS/178082/2020 dated 29th Dec 2020
5. F.No.11-122/2011-IA.III Proposal No. IA/KL/MIS/178082/2020 dated 9th Dec 2024

This has reference to the Environmental & CRZ Clearance (EC) issued on 3rd January 2014 (vide reference cited 1) by the Ministry of Environment, Forest & Climate Change (MoEF & CC) for the proposed Vizhinjam International Multipurpose Deep water Seaport at Vizhinjam in Thiruvananthapuram District of Kerala State based on the recommendation of KCZMA (vide the reference cited 2). Subsequently, the validity of EC was extended upto 2nd Jan 2026 (vide reference cited 5).

The Half Yearly Compliance Report (HYCR) of the conditions stipulated in the cited references for the period from October 2025 to March 2026 is enclosed herewith for record and reference.

As per the MoEF & CC Letter (vide reference cited 3), wherein submission of HYCRs by email /soft copy is declared acceptable, therefore the HYCR for the period October 2025 to March 2026 is being submitted to the MoEF & CC, Regional Office (Bangalore), Zonal office of the CPCB (Bangalore), KSPCB & KCZMA via email too in addition to the Parivesh portal uploading.

Yours Sincerely
For Vizhinjam International Seaport Ltd.

Chief Executive Officer

Encl: As Stated Above

Copy to: CEO, Adani Vizhinjam Port Private Ltd. (AVPPL), the Concessionaire 01, Port Operation Building, Vizhinjam Seaport, Mulloor P.O, Vizhinjam, Thiruvananthapuram-695521

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	MISCELLANEOUS	Rail connectivity shall be parallel to the harbour road on elevated structures at plus 4/5.00 m level without affecting the entry to the existing harbor.

<p>PPs Submission: Being Complied</p> <p>EC Amendment granted by MoEFCC Konkan Railway Corporation Limited (KRCL) has been engaged for turnkey execution of the project. Out of the total rail route length of 10.7 km, about 9.0 km is planned to be passing through an underground tunnel to minimize the disturbance to the local population. Detailed Project Report (DPR) has been approved by Southern Railway and Railway Board. EC amendments in this regard have been granted by MoEFCC on 17.07.2024 vide EC Identification Number EC24A033KL158955 and related compliances are being filed on PARIVESH portal. Rail connectivity project is in tendering stage.</p>	<p>Date: 29/05/2026</p>
---	-----------------------------

2	Corporate Environmental Responsibility	Compensation packages in accordance with the Central/State Government norms shall be given to all the authorized-cum-affected (having valid clearances as applicable) resort owners.
---	--	--

<p>PPs Submission: Complied</p> <p>Complied, All authorized-cum-affected resort owners evicted have been compensated adequately for land as per Central/State government norms. Payment transfer for the land acquisition of the last three resorts has been made to District Collector, and which is in possession of VISL now.</p>	<p>Date: 29/05/2026</p>
---	-----------------------------

3	Statutory compliance	Consent for Establishment shall be obtained from Kerala State Pollution Control Board under Air and Water Act and a copy shall be submitted to the Ministry before start of any construction work at the site.
---	----------------------	--

<p>PPs Submission: Complied</p> <p>Complied, Adani Vizhinjam Port Pvt. Ltd. (AVPPL) had applied for and obtained Consent to Establish (CTE) for Phase-I of the Vizhinjam Port Project from Kerala State Pollution Control Board (KSPCB) vide Consent No. PCB/HO/TVM/ICE/08/2015 dated 15.09.2015 which was valid up to 31.07.2018. The CTE was renewed vide Consent No. PCB/HO/TVM/ICE-R/02/2018 dated 19.07.2018 valid up to 31.07.2023. The CTE was further renewed vide Consent No. KSPCB/TV/ICE/10029484/2023 dated 30.07.2023 valid up to 31.07.2028. A copy of the renewed CTE was submitted to Ministry of Environment and Climate Change (MoEFCC) along with the Half Yearly Compliance Report (HYCR) for the period April 2023 to September 2023. Additionally, as the port is now in operational phase, AVPPL have applied for and obtained Consent to Operate (CTO) from KSPCB for Phase I of the Vizhinjam Port Project vide Consent No. KSPCB/TV/ICO/10076351/2024 dated 03.12.2024 valid up to 31.07.2029. A copy of the CTO has been submitted as part of HYCR for the compliance period October 2024 to March 2025.</p>	<p>Date: 29/05/2026</p>
--	-----------------------------

4	Marine/Coastal	Project Proponent shall carry out intensive monitoring with regulatory reporting six monthly on shoreline changes to the Regional Office, MoEF.
---	----------------	---

<p>PPs Submission: Complied</p> <p>Being Complied, Based on the comprehensive Shoreline Monitoring Plan prepared by LT Infra Engineers Ltd (LT IEL) under the guidance of National Institute of Ocean Technology (NIOT),</p>	<p>Date: 29/05/2026</p>
---	-----------------------------

		oceanographic and shoreline monitoring is being carried out by competent agency for a stretch of 40 km (20 km on both sides of the project site) and reports are being regularly submitted to Ministry of Environment and Forests Climate Change (MoEFCC) as a part of the HYCRs. Broadly the scope covers: Wave Observations Onshore Cross beach profiling Offshore Cross beach profiling Littoral Environmental Observations (LEO) Beach Sampling Multi-beam Echo Sounder (MBES) survey Grab Sampling Current and Tide Observations Weather Observations Marine Water Sampling Shoreline Monitoring Report for the period October 2025 to March 2026 is enclosed as Annexure I. The NGT expert committee has agreed for a scope change for the monitoring frame work and will be implemented as soon as possible.	
5	LAND RECLAMATION	The capital dredged material (7.6 Mm3) shall be utilized for reclamation of berths.	
		PPs Submission: Complied Complied A total 7.21 Mm3 dredged material has been utilized for reclamation of 63.43 Ha area of land. With respect to dredged material, the requirements for reclamation of berths for Phase I development of the port have been completed and commissioned on 03.12.2024.	Date: 29/05/2026
6	Corporate Environmental Responsibility	Additional fish landing centre shall be developed as part of the proposed Vizhinjam port for upliftment of fisheries sector.	
		PPs Submission: Being Complied Being Complied, Planning work for the fish landing center and the associated breakwater had been initiated as part of the funded work component of the Port concession agreement. However, based on the recommendations of the report on physical model studies carried out by Central Water and Power Research Station (CWPRS), the geometry of the breakwater originally proposed for the fishing harbour is found to be not suitable with respect to tranquillity and hence the design of the new fishing landing centre was revisited. The package I of the revised proposal to be executed by the concessionaire. The proposed additional breakwater extension at the seaward breakwater, being detached from the New international seaport, which is entrusted to Harbour Engineering Department (HED) of GoK as package II for Rs 125 crores. Necessary funds have already been transferred to HED. The whole fishing harbour project is planned to complete with the completion of the subsequent Phases of the Port Project. (Copy of CWPRS proposal has been submitted as part of HYCR April 2025 to September 2025).	Date: 29/05/2026
7	Corporate Environmental Responsibility	The project shall be executed in such a manner that there is minimum disturbance to fishing activity.	
		PPs Submission: Complied Complied Following are being practiced ensuring minimum disturbance to fishing activity: Navigational buoys/marker buoys are placed for demarcation of port area for fishing boats to maintain a safe distance from the breakwater. For mutual understanding of the port operation activities with the local fishing community an exclusive CSR (Corporate Social Responsibility) team of AVPPL has been assigned alongwith an action plan to make an Information, Education, Communication (IEC) by the Fisheries Department. The dedicated CSR team are in constant touch (through WhatsApp Groups, etc.) with the fishermen/fishing community members to facilitate the flow of various project related information/updates. CSR and Marine Operation team also provides regular updates to the committee which has been formed by the local church leaders/other representatives adjoining to the port area, who in turn pass on relevant port project information to the fishermen. Higher level engagement with the fishing community is also being carried out by the Fisheries Department of GoK at Director/AD Fisheries level. Marine Water Quality is being monitored regularly, and results are submitted as part of the compliance reports. No abnormal results were observed during the compliance period (Refer Annexure 4).	Date: 29/05/2026
8	Corporate Environmental Responsibility	Steps would be taken to safeguard the interests of the fisheries sector as detailed in the Resettlement Action Plan (RAP), Corporate Social Responsibility (CSR) and in the Integrated Fishing Community Management (IFCMP), namely a component of Rs.7.1 crores as part of the compensation package for the fisheries sector, as livelihood restoration measures for mussel collectors, shore seine	

		fishermen and others. Rs.41.30 crores as part of CSR activities in the fisheries sector under (i) water supply scheme (7.3crores) (ii) new fishing landing centre (16crores) (iii) adoption of existing fishing harbor (5crores) (iv) sea food park (4crores) (iii) skill development centre (4crores) (iv) environmental sanitation (3crores) and (v) solid waste management (2crores).
PPs Submission: Being Complied Being Complied Details are attached as Annexure 13		Date: 29/05/2026
9	WASTE MANAGEMENT	The port shall ensure that all ships under operation follow the MARPOL convention regarding discharge or spillage of any toxic, hazardous or polluting material like ballast water, oily water or sludge, sewage, garbage etc. The emission of NOx and SOx shall remain within permissible limits.
PPs Submission: Being Complied Being Complied, All vessels entering the port are complying with DGS Circular No 02 of 2023 for Annex VI of MARPOL. Vizhinjam Port is also registered under Swach Sagar portal of DG shipping. KSPCB approved vendors for waste collection under Swach Sagar Portal has been entrusted for disposals. De-ballasting inside port premises is allowed as per MARPOL regulations with prior permission from the port authorities. However, no muddy water de-ballasting is permitted. All vessels calling at Vizhinjam port shall have Ballast water treatment plant certificate with D2 category and shall share ballast exchange prior to arrival. The emission of NOx and SOx are well within permissible limits.		Date: 29/05/2026
10	Corporate Environmental Responsibility	CSR activities shall cover villages within 10 km radius of the project.
PPs Submission: Being Complied Being Complied CSR activities are being carried out in villages within 10 km radius of the project. CSR activities are being taken up mainly in the fields of education, community health, sustainable livelihood development, community infrastructure development and general administration; after receiving formal demands from social controlled institutions, government-controlled institutions and recognized platforms. An amount of Rs. 378.35 Lakhs has been spent on CSR activities during the compliance period (October 2025 to March 2026) as shown below: S. No. Head Amount (Rs. Lakhs) Education 16.00 Community Health 88.57 Sustainable Livelihood Development 76.00 Community Development 179.16 General Administration 9.87 Climate Action 8.75 Total 378.35 Details on CSR activities carried out by AVPPL during compliance period (October 2025 to March 2026) are enclosed as Annexure 2.		Date: 29/05/2026
11	Risk Mitigation and Disaster Management	Oil Contingency Management Plan shall be put in place.
PPs Submission: Being Complied Being Complied Procurement and delivery of Oil Spill Response Equipment (OSRE) is completed as per the NOSDCP-2018 for Category B and the equipment has been commissioned and is available at Vizhinjam Project site operationally ready. The list of OSRE available at site has been submitted as part of HYCR April 2025 to September 2025. The OSDCP Final vetted plan has been submitted to Indian Coast Guard by AVPPL vide Letter AVPPL/ICG/2025-26/3956 dated 24.03.2026 (Enclosed as Annexure 3)		Date: 29/05/2026
12	Statutory compliance	All the recommendations /conditions stipulated by Kerala Coastal Zone Management Authority (KCZMA) shall be complied with.
PPs Submission: Being Complied Being Complied The recommendations/conditions of KCZMA are being complied with. Copies of the HYCRs are also being submitted to KCZMA. Compliance to the recommendations/conditions of KCZMA for the period October 2025 to March 2026 is enclosed as Annexure 5.		Date: 29/05/2026

13	PUBLIC HEARING	The responses/ commitments made during public hearing shall be complied with in letter and spirit.
<p>PPs Submission: Being Complied Being Complied The project proponent is complying with the responses/commitments made during public hearing (as applicable). Status of the same is being submitted regularly along with HYCRs to all the authorities concerned. The compliance status of the commitments made during Public Hearing and actions taken on the same during the period October 2025 to March 2026 is enclosed as Annexure 6.</p>		Date: 29/05/2026
14	Statutory compliance	All the recommendation of the EMP shall be complied with in letter and spirit. All the mitigation measures submitted in the EIA report shall be prepared in a matrix format and the compliance for each mitigation plan shall be submitted to MoEF along with half yearly compliance report to MoEF-RO.
<p>PPs Submission: Being Complied Being Complied Recommendations of the EMP are being implemented. Status of EMP compliance in matrix format is enclosed as Annexure 7.</p>		Date: 29/05/2026
15	MISCELLANEOUS	The project proponent shall bring out a special tourism promotion package for the area in consultation with the State Government and implement the same along with the project.
<p>PPs Submission: Being Complied Being Complied, Implementation of the Tourism Management Plan which would be integrated with the overall tourism directorate's plan in the area is being discussed with the tourism department and would be implemented along with the completion of the Master Plan of the port project.</p>		Date: 29/05/2026
16	PUBLIC HEARING	The project proponent shall place on its website its response to the Public Hearing, and representations as presented to the EAC in the 128th meeting held on 23rd November 2013, for information of the general public.
<p>PPs Submission: Complied Complied All the relevant details pertaining to EIA, ToR, EAC meetings, Public Hearing, etc. related to the project have been placed on VISL website: https://vizhinjamport.in/.</p>		Date: 29/05/2026
17	WATER QUALITY MONITORING AND PRESERVATION	There shall be no withdrawal of groundwater in Coastal Regulation Zone Area, for this project. In case any groundwater is proposed to be withdrawn from outside the CRZ area, specific prior permission from the concerned State/Central Groundwater Board shall be obtained in this regard.
<p>PPs Submission: Complied Noted There will not be any withdrawal of groundwater from the CRZ Area. In case of requirement of groundwater withdrawal outside CRZ area, specific prior permission will be obtained from State/Central Groundwater Board. For water for operation purposes, AVPPL have applied for Kerala Water Authority (KWA) connection through E-Tapp dated 19.01.2024. KWA Water Supply Division Neyyattinkara have subsequently facilitated the connection of water supply to Vizhinjam port through deposit of necessary funds by AVPPL and have provided a tapping point along with water meter inside the project site in August 2024. During the compliance period October 2025 to March 2026, 6029 KL of water has been utilized for port related operations and port office buildings through KWA.</p>		Date: 29/05/2026
18	WASTE MANAGEMENT	The Hazardous waste generated shall be properly collected and handled as per the provision of Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2008.

<p>PPs Submission: Being Complied Being Complied The Hazardous Waste at site are being stored as per the Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2008. During the compliance period (October 2026 to March 2026), no construction activity took place. For operation related activities, 15.88 KL of used oil had been generated and disposed to authorized (CPCB/KSPCB) handlers.</p>		<p>Date: 29/05/2026</p>
19	WASTE MANAGEMENT	No hazardous chemicals shall be stored in the Coastal Regulation Zone area.
<p>PPs Submission: Being Complied Noted for Compliance, No hazardous chemical is being stored in the CRZ areas.</p>		<p>Date: 29/05/2026</p>
20	WASTE MANAGEMENT	The wastewater generated from the activity shall be collected, treated and reused properly.
<p>PPs Submission: Being Complied Noted All the wastewater generated from the port is of the nature of sewage and will be collected and treated in the STP and reused properly for watering of horticulture/landscape developments in the port.</p>		<p>Date: 29/05/2026</p>
21	WASTE MANAGEMENT	Sewage Treatment facility should be provided in accordance with the CRZ Notification.
<p>PPs Submission: Being Complied Being Complied, Sewage Treatment Plant (STP) facility of 50 KLD capacity in accordance with the CRZ Notification (CRZ-II Area) has been developed as a part of Phase I of the port project and will be further augmented with additional modular unit of 50 KLD, based on the requirement. The STP technology process is MBBR (Moving Bed Biofilm Reactor). The treated water generated is being used for horticulture (landscape development), dust suppression (water sprinkling), etc. The sewerage system is connected to the areas wherever office buildings, canteens, and other operational buildings are constructed. There are 8 Sewage Pumping Stations (SPS) with coverage over the area of the port which send the wastewater through pressure lines to the STP, except one SPS which is connected through gravity line. The STP is operated from 31.03.2025.</p>		<p>Date: 29/05/2026</p>
22	WASTE MANAGEMENT	No solid waste will be disposed of in the Coastal Regulation Zone area. The solid waste shall be properly collected, segregated and disposed as per the provision of Solid Waste (Management and Handling) Rules, 2000.
<p>PPs Submission: Agreed to Comply Noted for Compliance No solid waste is being disposed in the CRZ area. Bio-degradable waste is being treated in an Organic Waste Converter (OWC) installed at site and the output is being used as manure in greenbelt development within the port project areas. The dry waste is being properly collected, segregated, and disposed of in line with the Solid Waste Management Rules 2016, as amended. The Half Yearly Report of the Solid Waste Management at Vizhinjam Port for the period October 2025 to March 2026 is enclosed as Annexure 8.</p>		<p>Date: 29/05/2026</p>
23	WASTE MANAGEMENT	Installation and operation of DG set if any shall comply with the guidelines of CPCB. Oil spills if any shall be properly collected and disposed as per the Rules. Project proponent shall install necessary oil spill mitigation measures.
<p>PPs Submission: Being Complied Being Complied During the compliance period October 2025 to March 2026, five (5) nos. of DG set were available in operations. These are compliant to CPCB guidelines. However, in case of emergency, if any oil spill occurs, it shall be properly collected and disposed as per the Rules.</p>		<p>Date: 29/05/2026</p>
24	Marine/Coastal	No construction work other than those permitted in Coastal

		Regulation Zone Notification shall be carried out in Coastal Regulation Zone area.	
<p>PPs Submission: Complied Complied Construction of the project has been carried out as per the approval obtained under CRZ Notification.</p>			<p>Date: 29/05/2026</p>
25	Marine/Coastal	The approach channel shall be properly demarcated with lighted buoys for safe navigation and adequate traffic control guidelines shall be framed.	
<p>PPs Submission: Complied Complied. Deetails are provided in Annexure 14.</p>			<p>Date: 29/05/2026</p>
26	GREENBELT	The project proponent shall take up development of greenbelt in the project area, wherever possible. Adequate budget shall be provided in the Environment Management Plan for such development.	
<p>PPs Submission: Complied Being Complied. Details are given in Annexure 15</p>			<p>Date: 29/05/2026</p>
27	MISCELLANEOUS	The fund earmarked for environment management plan shall be included in the budget and this shall not be diverted for any other purposes.	
<p>PPs Submission: Complied Complied An amount of 40 Crores was kept solely for EMP implementation as per the commitment in the EIA; and this amount was not diverted for any other purpose. However, despite having exhausted the funds earmarked through EMP activities and having exceeded the required expenditure, AVPPL continue to be committed to environmental responsibility. An amount of Rs. 1.22 Crores has been utilized towards EMP implementation measures during compliance period October 2025 to March 2026. Till date, an amount of Rs. 49 Crores has been spent on environmental protection measures. The details of EMP expenditure are enclosed as Annexure 9..</p>			<p>Date: 29/05/2026</p>
28	Human Health Environment	The project proponent shall set up an organizational mechanism/institutional structure for Environment, Health and Safety and CSR under the supervision of a General Manager as outlined in the EIA Report for effective implementation of the stipulated EHS safeguards and CSR activities.	
<p>PPs Submission: Complied Complied An officer of VISL has been appointed at the level of General Manager Environment for the supervision of the stipulated Environment, Health and Safety (EHS) safeguards along with Government level Social Welfare Activities. AVPPL has also appointed competent and qualified professional team for the effective implementation of EHS safeguards and CSR activities. In addition to the above, an Environmental Expert of the independent engineer and safety consultants have been appointed as per concession agreement signed between GoK and AVPPL. It is also ensured that contractors executing the work also deploy qualified and competent EHS personnel for effective implementation of EHS measures. Organizational Structure for EHS and CSR is enclosed as Annexure 10.</p>			<p>Date: 29/05/2026</p>
29	MISCELLANEOUS	Staff Colony should be located beyond CRZ area.	
<p>PPs Submission: Agreed to Comply Not Applicable Phase I of the Vizhinjam Port Project Development does not envisage a Staff Colony for employees. As the Port is located at a reasonable distance from the existing residential zones of Thiruvananthapuram Corporation and adjoining Municipalities and Panchayaths, staff of the Port are availing accommodation independently in the existing residential zones outside the Port.</p>			<p>Date: 29/05/2026</p>

General Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	Construction of the proposed structures shall be undertaken meticulously conforming to the existing Central/local rules and regulations including Coastal Regulation Zone Notification, 2011 and its amendments. All the construction designs/drawings relating to the proposed construction activities must have approvals of the concerned Statutory Departments / Agencies.
<p>PPs Submission: Complied</p> <p>Complied All the construction activities are being carried out as per existing Central/local rules. Necessary permissions under CRZ Notification 2011 and its amendments have been obtained. Further, necessary approvals from concerned Statutory Departments/Agencies have been obtained for the construction designs/drawings as mentioned hereunder: CTE No. PCB/HO/TVM/ICE/08/2015 dated 15.09.2015 valid up to 31.07.2018 was renewed from KSPCB vide Consent No. PCB/HO/TVM/ICE-R/02/2018, dated 19.07.2018 valid up to 31.07.2023 and further renewed vide Consent No. KSPCB/TV/ICE/10029484/2023 dated 30.07.2023 valid up to 31.07.2028. (A Copy of the same was submitted along with HYCR for the period April 2023 to September 2023). All other port construction related aligned activities such as paver blocks, batching plants, etc. fall under this CTE taken for the port development. CTO No. KSPCB/TV/ICO/10076351/2024 dated 03.12.2024 valid up to 31.07.2029. No Objection Certificate from Airport Authority of India (AAI) vide NOC No. AAI/SR/NOC/RHQ dated 07.12.2015. As per the exemption granted by GoK G.O. No. 310/2015/LSGD dated 01.10.2015, AVPPL is not required to obtain any further building permits/permission to construct port related building within the port premises. Permissions with respect to store petroleum in tank/s in connection with pump outfit for fuelling motor conveyances has been obtained in Form XIV for the storage of 40.00 KL of Petroleum class B in tank/s in the port premises from Petroleum and Explosives Safety Organisation (PESO) as per the provisions of the Petroleum Act, 1934 and under the Petroleum Rules, 2002 vide License No.: P/SC/KL/14/3732(P499906) dated 05.10.2023 (Copy of the same was submitted along with HYCR for the period October 2023 to March 2024). The PESO License No. P/SC/KL/14/3732(P499906) has been duly renewed up to 31.12.2026 and the copy of the same is enclosed as Annexure 11.</p>		Date: 29/05/2026
2	Human Health Environment	Adequate provision for infrastructure facilities including water supply, fuel and sanitation must be ensured for construction workers during the construction phase of the project to avoid any damage to the environment.
<p>PPs Submission: Complied</p> <p>Complied There is no labour camp. It is ensured that construction workers who are staying outside in the contractor rented houses/apartments are provided with necessary infrastructure facilities.</p>		Date: 29/05/2026
3	WATER QUALITY MONITORING AND PRESERVATION	Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality.
<p>PPs Submission: Being Complied</p> <p>Being Complied Mitigation measures are being followed while undertaking digging activities. Surface and Groundwater quality is monitored monthly in line to Environment Monitoring Plan prescribed in EIA and analysis reports are enclosed as Annexure 4. There are no significant changes observed in the water quality during the compliance period.</p>		Date: 29/05/2026
4	WATER QUALITY MONITORING AND PRESERVATION	Borrow sites for each quarry sites for road construction material and dump sites must be identified keeping in view the following: (a) No excavation or dumping on private property is carried out without written consent of the owner. (b) No excavation or dumping shall be allowed on wetlands, forest areas or other ecologically valuable or sensitive locations. (c) Excavation work shall be done in close consultation with the Soil Conservation and Watershed Development

		Agencies working in the area, and (d) Construction spoils including bituminous material and other hazardous materials must not be allowed to contaminate water courses and the dump sites for such materials must be secured so that they shall not leach into the ground water.
<p>PPs Submission: Complied Complied Quarry material has been obtained from approved sites only. The building stone materials for Phase I Development of Vizhinjam Port has been attained and requirement for further rock supply from quarries is not envisaged. No excavation has been carried out in private property. No excavation or dumping has been carried out in wetlands, forest area or other ecologically valuable or sensitive locations. Kerala State Remote Sensing and Environment Centre (KSREC) have studied the impact due to construction of port approach road. Recommendations of KSREC are being implemented and suitable mitigation measures as suggested in the KSREC report are being adopted during construction. No bituminous or hazardous material has been used. Construction spoils are stored in such a way that they do not contaminate water courses and the dump sites for such materials are secured so that they shall not leach into the ground water. Surface and Ground water quality is monitored monthly in line to Environment Monitoring Plan prescribed in EIA and analysis reports are enclosed as Annexure 4</p>		Date: 29/05/2026
5	MINING PLAN	The construction material shall be obtained only from approved quarries. In case new quarries are to be opened, specific approvals from the competent authority shall be obtained in this regard.
<p>PPs Submission: Complied Complied The construction material was obtained from approved quarries only. The building stone materials for Phase I Development of Vizhinjam Port has been attained and requirement for further rock supply from quarries is not envisaged.</p>		Date: 29/05/2026
6	WASTE MANAGEMENT	The project authorities shall make necessary arrangements for disposal of solid wastes and for the treatment of effluents by providing a proper wastewater treatment plant outside the CRZ area. The quality of treated effluents, solid wastes and noise level etc. must conform to the standards laid down by the competent authorities including the Central/State Pollution Control Board and the Union Ministry of Environment and Forests under the Environment (Protection) Act, 1986, whichever are more stringent.
<p>PPs Submission: Being Complied Being Complied No solid waste is being disposed in the CRZ area. Bio-degradable waste is being treated in an OWC installed at site and output is being used as manure in greenbelt development. The dry waste is being properly collected, segregated, and disposed in line to Solid Waste Management Rules 2016, as amended. The Half Yearly Report of the Solid Waste Management at Vizhinjam Port for the period October 2025 to March 2026 is enclosed as Annexure 8 A Provision for installing Sewage Treatment Plant (STP) facility of adequate capacity in phased manner in accordance with the CRZ Notification is being implemented. Environment Monitoring is being carried out as per Environment Monitoring Plan prescribed in EIA by NABL accredited agency Standards Environmental and Analytical Laboratories. Ambient Noise is being monitored as per Noise Pollution (Regulation and Control) Rules, 2000 (Rules 3 (1) and 4(1)) at 5 locations (Residential, commercial and Industrial) twice a month. It is observed that noise readings at the port site were within limits on all monitoring days during the monitoring months (from October 2024 to March 2025). Half Yearly Environment Monitoring Report for the period October 2025 to March 2026 is attached as Annexure 9.</p>		Date: 29/05/2026
7	Statutory compliance	The proponent shall obtain the requisite consents for discharge of effluents and emissions under the Water (Prevention and control of Pollution) Act, 1974 and the Air (Prevention and control of Pollution) Act, 1981 from the Kerala State Pollution Control Board before commissioning of the project and a copy of each of these shall be sent to this Ministry.

<p>PPs Submission: Complied Complied CTE was obtained from KSPCB vide Consent No. PCB/HO/TVM/ICE/08/2015 dated 15.09.2015 valid up to 31.07.2018. The CTE was renewed vide Consent No. PCB/HO/TVM/ICE-R/02/2018 dated 19.07.2018 valid up to 31.07.2023. The CTE was further renewed vide Consent No. KSPCB/TV/ICE/10029484/2023 dated 30.07.2023 valid up to 31.07.2028. Further, as the port is now in operational phase, AVPPL have applied for and obtained Consent to Operate (CTO) from KSPCB for Phase I of the Vizhinjam Port Project on 03.12.2024 vide Consent No. KSPCB/TV/ICO/10076351/2024 dated 03.12.2024 valid up to 31.07.2029.</p>		<p>Date: 29/05/2026</p>
8	MISCELLANEOUS	Adequate precautions shall be taken during transportation of the construction material so that it does not affect the environment adversely.
<p>PPs Submission: Complied Complied Details are given in Annexure 16</p>		<p>Date: 29/05/2026</p>
9	Statutory compliance	Full support shall be extended to the officers of this Ministry/Regional Office at Bangalore by the project proponent during inspection of the project for monitoring purposes by furnishing full details and action plan including action taken reports in respect of mitigation measures and other environmental protection activities.
